We can ship your order several different ways.

UPS Ground - For small and large orders, this is an excellent way to go. If you are in our one or two day zones, then you can use this method of shipping.

Greyhound Package Express – Small and large orders work well with this method. The shipping rate is \$0.25 per pound with a \$25 minimum charge. Even though the customer must pick-up the order at the nearest Greyhound bus station, it can be the fastest way to ship.

Northwest and Southwest Airlines Cargo – Larger orders and long distances are recommended for air cargo. The minimum charge is \$75.00 and the customer would have to pick-up the order at the airport. West Coast residents would most likely use this method with larger orders.

Box and Dry-Ice

Packing charge applied of \$10.00 per box from October 1 - June 30, and \$15 per box during the warmer part of the year, July 1 - September 30. Boxes can hold up to 50lbs. of product. Dry-Ice is included in this charge.
